

MISSOURI CHARGE CODE MANUAL

August 2015 - December 2016

www.mshp.dps.mo.gov

Published By The Missouri State Highway Patrol In Conjunction With The Office Of State Courts Administrator.

SHP-179 M 1/2016

Welcome to the 2015-2016 Missouri Charge Code Manual.

This year's manual will cover the time period of August 28, 2015, to December 31, 2016, at which time the new Missouri Criminal Code will take effect. The next Charge Code Manual will be printed on January 1, 2017.

This year's Charge Code Manual is also a transitional manual, as it contains both the current 8-digit charge code, as well as the new, longer Missouri Charge Code which will take effect on January 1, 2016. This new charge code format expands the number of positions to enable continued and future growth of the code.

The Missouri State Highway Patrol has the capacity to accept both codes until December 31, 2015, at which time the Patrol will accept the new format code only.

Please read the instructions in this year's manual carefully for an in-depth explanation of the new Missouri Charge Code.

Thank you,

The Missouri Charge Code Committee

August 2015 - December 2016 Missouri Charge Code Manual

SECTION I STATE CHARGE CODES

- A. INTRODUCTION OF THE NEW MISSOURI CHARGE CODE
- B. CHARGE CODE MANUAL INSTRUCTIONS
- C. STATE CHARGE CODES BY STATUTE (PP. 1-106)

SECTION II NCIC MODIFIERS AND DESCRIPTIONS

SECTION III ORDINANCE VIOLATIONS

- A. ORDINANCE VIOLATION INSTRUCTIONS
- B. ORDINANCE CODES (PP. 1-12)

SECTION IV ADMINISTRATIVE CODES

This manual has been written, published and distributed by the Missouri State Highway Patrol, Criminal Justice Information Services Division. Inquiries regarding the use of this manual may be directed to the CJIS Division at 573-526-6153. Written inquiries may be addressed to MSHP-CJIS – Charge Codes, P.O. Box 9500, Jefferson City, Mo. 65102.

SECTION I:

MISSOURI STATE CHARGE CODES

New Charge Code Information

Charge Code Instructions

Charge Codes in Statute Order

The New Missouri Charge Code Format

Effective January 1, 2016, the current 8 digit (5 digit, plus modifiers) Missouri Charge Code which has been in use since 1979, will be replaced with an approved new format. This change is necessary since the existing format has exceeded the numbering convention of its design. This change has been in the implementation process since the fall of 2013 and has been publicized in varying law enforcement venues such as the Patrol's Criminal Justice Information Services (CJIS) newsletters, the CJIS launch pad, in-person presentations and multi-agency meetings with criminal justice participants. This information is to ensure that any agency which utilizes the Missouri Charge Code is aware of the upcoming changes and prepared for the January 1, 2016, change.

Progress:

Currently, necessary changes are underway to the major systems at the state level including the Office of State Courts Administrator's (OSCA) Judicial Information Services (JIS) system, the Missouri Office of Prosecution's (MOPS) Karpel system, the Missouri Computerized Criminal History (CCH) system, the State Automated Fingerprint Identification System (AFIS), and the Morpho Trak Livescan software. Any outside system that either interfaces with or submits to the Central Repository (CCH) will be able to submit both new and old code formats until January 1, 2016.

There has been a complete conversion of all existing charge codes, both active and inactive, from the current 8 digit code to the new format. This change has been approved for use by the State Judicial Records Committee beginning January 1, 2016. This change also encompasses all local ordinance charge codes. The Missouri State Highway Patrol will, upon request, electronically deliver the entire Charge Code dataset in CSV format to any agency desiring to upload it to their respective systems. The Patrol will also maintain the datasets in CSV format on the Patrol's website at:

<http://www.mshp.dps.missouri.gov/MSHPWeb/PatrolDivisions/CRID/MoChargeCode.html>

Implementation timeline:

- August 2015 - The Patrol published both manual and electronic versions of the 2015-2016 Charge Code Manual.
- August 2015 - The Patrol made available the 2015-2016 complete charge code dataset on its website.
- August 28, 2015 - The CCH will begin accepting both the current and new charge code formats, but will only display and forward the current format until January 1, 2016, at which time it will begin displaying and utilizing the new format.
- September - December 2015 - All Livescans will individually receive updated software configured for the new charge code format. NOTE: Once the Livescan software is updated, all charge codes entered into the device must be in the new charge code format. During this transition and update period, operators must also manually enter the old charge code format for each charge into the charge Comments field until January 1, 2016.
- January 1, 2016 - OSCA's JIS system, the Prosecutors' Karpel system, and all other systems that interface with the Central Repository will switch over to the new format. The CCH system will switch to displaying and passing only the new format through all interfaces.

August 2015 – December 2016

Livescan notes:

Updates to the Livescan software at each agency with a device will likely require an onsite visit by a Morpho Trak engineer. Once a Livescan has received the software update, the Charge Code Field will only accept a charge code in the new format. Due to the fact that there are more than 300 Livescans in use statewide this rollout is anticipated to take 8-10 weeks to accomplish. The interim period between the time all Livescans have been updated and January 1, 2016, will require Livescan operators to input the new format Charge Code in the Charge Code Field and then enter the existing format Charge Code into the charge Comments field. This will assist the Prosecutor and the Courts in processing the charges through the system using the existing format. To facilitate this temporary process, each updated Livescan will display a link on the entry screen that provides access to the 2015-2016 Missouri Charge Code Manual, which will contain both new and old charge code format for each active charge code. More Livescan specific training will be forthcoming from the Patrol on these changes.

Important note for agencies with a Record Management System (RMS) interface to their Livescan - The new charge code format will interfere or “break” the interface unless the RMS is updated with the charge codes in the new code format. Please prepare for these changes by contacting your Information Technology personnel or software vendor responsible for your RMS interface.

Missouri Charge Code Manual notes:

The Patrol will publish the Manual both manually and electronically as done historically. The 2015-2016 version will include two columns for both the old and new format codes. This will assist in correctly entering the charge codes on the Livescans for the interim period between August 28, 2015 and January 1, 2016.

It is important to understand that any newly created Charge Codes after January 1, 2016 will only be in the new format. Any system that contributes to the Central Repository, the Prosecutors, or the State Courts will be required to submit the new format as of this date.

August 2015 – December 2016

The following is a list of State Agency contacts for questions or information related to the Charge Code changes. Any questions or concerns can be relayed to any of the listed contact personnel. They are willing to assist and/or route you to the appropriate resources as necessary.

Breakdown of the New Charge Code Format

All digits left of the dash can change due to statute number changes. All digits right of the dash will stay constant.

Charge Code Manual Instructions

The charge codes listed in this year's Missouri Charge Code Manual are listed in statutory order with reference to the new charge code format and the existing charge code.

The Missouri Charge Code Manual is available on the Missouri State Highway Patrol's website, along with copies of past year's manuals, quarterly revisions and other necessary information, including retired codes. Quarterly supplements listed on the website contain additions of new charge codes and changes to existing charge codes which occur during the year after the legislative session has ended.

To access the Missouri Charge Code Manual on the Patrol's home page (www.mshp.dps.mo.gov), select "Publications" in the left hand index, then select the "Missouri Charge Code Manual" link.

Descriptions of Column Headings:

The excerpt below is from the current Charge Code Manual. The columns are displayed in the same order as the information is laid out in the new charge code format.

STATUTE	OLD CHARGE CODE (Retires 12/31/2015)	NEW CHARGE CODE (Effective 01/01/2016)	F P	EFFECTIVE DATE	NCIC CODE	NCIC MOD	ST MOD	DESCRIPTION	TYPE/ CLASS	DNA	S O R	R O C	CASE TYPE
8.172	56002__0	8.172-001N199554__0	N	1995/08/28	54	06, 99	0	EXCEEDED SPEED LIMIT ON CAPITOL/STATE GROUNDS SET BY THE COMMISSIONER OF ADMINISTRATION	I	N	N	N	I

Statute – Indicates the chapter and section of the Missouri Revised Statutes (RSMO) that relate to a particular charge code.

Old Charge Code* – Indicates the existing eight-digit charge code, including modifiers. The use of this charge code will expire on December 31, 2015.* The first five digits of this code are pre-assigned by the Office of State Courts Administrator (OSCA). The sixth and seventh digits depict the assigned NCIC modifier, or, if there is a blank, the user must pick the appropriate NCIC modifier which best fits the crime. Available NCIC modifiers are listed in the manual for each charge code. The final digit is the state modifier, which is also pre-assigned or must be picked by the user if multiple modifiers are available.

New Charge Code** - Indicates the new charge code format assigned to the law. The new charge code format will go into effect January 1, 2016.** The new charge code diagram is included later in the instructions for further explanation. The new charge code format consists of eight sections. The first section is the state statute, followed by a dash. The next section is the three-digit unique identifier number. This unique identifier number is specific to each charge code within a statute section. One statute section could have multiple charge codes, therefore the identifier will increase in sequence. The Y/N tells the user if the charge code is reportable (fingerprintable) or not. The four-digit year is the year the charge code became effective. The last five digits are made up of the two-digit NCIC category, the two-digit NCIC modifier, and the state modifier. If the NCIC modifier and/or state modifier are blank, then the user must pick the applicable modifier from a provided list of modifiers.

Charge Code Manual Instructions cont.

FP - Indicates whether or not the charge code is reportable and requires fingerprints. A “Y” (yes) in this column identifies offenses which require the submission of criminal arrest and charge information on the state criminal fingerprint (OCN) card to the Criminal Justice Information Services (CJIS) Division of the Missouri State Highway Patrol, pursuant to 43.506 RSMO. An “N” (no) identifies offenses which will NOT establish a criminal record if submitted to the Central Repository. All fingerprints submitted to the Patrol’s Central Repository will be searched through the Automated Fingerprint Identification System and compared to the Unsolved Latent File.

Effective Date – Indicates the year the charge code became effective.

NCIC Code/Category – National Crime Information Center Category which depicts the literal crime, i.e.: Homicide (09), Stealing (23), Motor Vehicle (54), etc. Users can sort this field in the manual’s electronic version to search charge codes by category.

NCIC Modifier – The available modifier used to describe the specifics of the crime.

State Modifier – The State Modifier is the final digit of both the old and new charge codes. Only the state modifiers listed with each charge are applicable. Available state modifiers are: 0 – Not Applicable, 1 – Attempt, 2 – Accessory, 3 – Conspiracy.

Description – Indicates the base description of the particular offense.

Type/Class – The type indicates the seriousness of a crime as determined by state statute (e.g. F = Felony, M = Misdemeanor, I = Infraction. The class identifies the classification of an offense as determined by statute: A, B, C, D or UN (unclassified).

DNA – Indicates whether the offense requires the collection of DNA.

“A” identifies offenses requiring the collection of DNA upon arrest.

“C” identifies offenses requiring the collection of DNA upon conviction.

“S” identifies offenses requiring the collection of DNA if the subject is registering as a sex offender.

“N” indicates that the collection of DNA is NOT required for the offense.

SOR – (Sex Offender Registration) – A “Y” (yes) in this column indicates that registration as a sex offender is required upon conviction. An “N” (no) indicates that the charge does not require registration as a sex offender.

ROC – (Record of Conviction) This column identifies offenses reportable to the Department of Revenue upon conviction. A “Y” (yes) indicates the offense is reportable to DOR. An “N” (no) indicates the offense is not reportable to DOR. An asterisk “*” indicates the offense is reportable to DOR if the offense occurred while operating a motor vehicle.

CASE TYPE - This column is used by OSCA to categorize cases for management purposes.

Instructions for Selecting and Using Modifiers

Below is an example of how to select an NCIC modifier to properly complete a Missouri Charge Code.

If an offender commits the crime of assault on a law enforcement officer with a gun, the Missouri Charge Code is shown below in both the old format and new code format. An appropriate NCIC modifier and State modifier must be selected to complete the charge code (see NCIC Modifier/State Modifier examples). The modifier for Aggravated Assault - Police - gun is 10; therefore, the complete Missouri Charge Code for assault on law enforcement officer with a gun is 1310010.0 or 565.081-001Y19891310.0.

Charge Code Example:

STATUTE	OLD CHARGE CODE	NEW CHARGE CODE	FP	EFFECTIVE DATE	NCIC CODE	NCIC MOD	STATE MOD	DESCRIPTION	TYPE/ CLASS	DNA	SOR	ROC	CASE TYPE
565.081	13100__.	565.081-001Y198913__.	Y	1989/08/28	13	10, 11, 12, 99	0, 2, 3	Assault/attempt assault 1st degree on law enforcement officer, corrections officer, emergency personnel, highway worker, utility worker, cable worker or p/p officer.	F / A	A/C	N	*	F

NCIC Modifier Example:

13-- NCIC MODIFIER CODE RANGES

01 Aggrav Asslt - Family - Gun
 02 Aggrav Asslt - Family - Weapon
 03 Aggrav Asslt - Family - Stgarm
 04 Aggrav Asslt - Non-Family - Gun
 05 Aggrav Asslt - Non-Family - Weapon
 06 Aggrav Asslt - Non-Family - Stgarm

07 Aggrav Asslt - Pub Off - Gun
 08 Aggrav Asslt - Pub Off - Weapon
 09 Aggrav Asslt - Pub Off - Stgarm
 10 Aggrav Asslt - Pol Off - Gun
 11 Aggrav Asslt - Pol Off - Weapon
 12 Aggrav Asslt - Pol Off - Stgarm

13 Simple Asslt
 14 Aggrav Asslt - Gun
 15 Aggrav Asslt - Weapon
 16 Intimidation (includes stalking)
 99 Assault - (free text)

STATE MODIFIERS - .0 NOT APPLICABLE .1 ATTEMPT .2 ACCESSORY .3 CONSPIRACY

Because the above Charge Code is a felony, it is classified as a mandatory reportable offense and entered into the Criminal History System. The NCIC Code associated with this charge would trigger a caution indicator when entered into the Criminal History System. These caution indicators are invaluable to law enforcement officers in identifying a potentially hazardous situation when dealing with a violent individual. The use of the 99 "Free Text" should be avoided whenever possible as it does not set a caution indicator. An all-inclusive list of NCIC Modifiers can be found in the NCIC Section of the Manual.

August 2015 – December 2016

NCIC 7399 PUBLIC ORDER CRIME (free text)

August 2015 – December 2016

SECTION III: ORDINANCE VIOLATIONS

Ordinance Information

Breakdown of the New Charge Code Ordinance Format

ORDINANCE VIOLATION INSTRUCTIONS

TYPE	OLD CHARGE CODE (Retires 12-31-2015)	NEW CHARGE CODE (Effective 01/01/2016)	F P	EFFECTIVE DATE	NCIC CAT	NCIC MOD	ST MOD	DESCRIPTION	CASE TYPE	ROC
ORDIN.0	9031099.0	ORDIN.0-001N20005599.0	N	2000/08/28	55	99	0	ANIMAL - HEALTH & SAFETY	O	N

Descriptions of Column Headings:

Type – The offense type will always read ORDIN.0.

Old Charge Code* – Indicates the existing eight-digit charge code, including modifiers. The use of this charge code will expire on December 31, 2015.* The first five digits of this code are pre-assigned by the Office of State Courts Administrator (OSCA). The sixth and seventh digits depict the assigned NCIC modifier, or, if there is a blank, the user must pick the appropriate NCIC modifier which best fits the crime. Available NCIC modifiers are listed in the manual for each charge code. The final digit is the state modifier, which is also pre-assigned or must be picked by the user if multiple modifiers are available.

New Charge Code** - Indicates the new charge code schema assigned to the law. The new charge code format will go into effect January 1, 2016.** The new charge code schema diagram is shown previously for further explanation. The new charge code format consists of eight sections. The first section is the state statute, followed by a dash. The next section is the three-digit identifier number. This identifier number is specific to each charge code within a statute. One statute could have multiple charge codes, therefore the identifier will increase in sequence. The Y/N tells the user if the charge code is reportable (fingerprintable) or not. The four-digit year is the year the charge code became effective. The last five digits are made up of the two-digit NCIC category, the two-digit NCIC modifier, and the state modifier. If the NCIC modifier and/or state modifier are blank, then the user must pick the applicable modifier from a provided list of modifiers.

F/P - Indicates whether or not the charge code is reportable and requires fingerprints. A “Y” (yes) in this column identifies offenses which require the submission of criminal arrest and charge information on the state criminal fingerprint (OCN) card to the Criminal Justice Information Services (CJIS) Division of the Missouri State Highway Patrol, pursuant to 43.506 RSMO. An “N” (no) identifies offenses which will NOT establish a criminal record if submitted to the Central Repository. All fingerprints submitted to the Patrol’s Central Repository will be searched through the Automated Fingerprint Identification System and compared to the Unsolved Latent File.

Effective Date – Indicates the year the charge code became effective.

NCIC Category – National Crime Information Center Category which depicts the literal crime, i.e.: Homicide (09), Stealing (23), Motor Vehicle (54), etc. Users can sort this field in the manual’s electronic version to search charge codes by category.

NCIC Modifier – The available modifier used to describe the specifics of the crime.

State Modifier – The State Modifier is the final digit of both the old and new charge codes. Only the state modifiers listed with each charge are applicable. Available state modifiers are: 0 – Not Applicable, 1 – Attempt, 2 – Accessory, 3 – Conspiracy.

ORDINANCE VIOLATION INSTRUCTIONS cont.

Description – Indicates the base description of the particular offense.

CASE TYPE - This column is used by OSCA to categorize cases for management purposes. (O = Ordinance)

ROC – (Record of Conviction) This column identifies offenses reportable to the Department of Revenue upon conviction. A “Y” (yes) indicates the offense is reportable to DOR. An “N” (no) indicates the offense is not reportable to DOR. An asterisk “*” indicates the offense is reportable to DOR if the offense occurred while operating a motor vehicle.
